### WHAT IS IT?

The Ohio ACTE Success Series is a professional development program for career-technical teachers and instructors. It is delivered by teachers, for teachers at schools that offer to host the program.

This pilot program in Health Services will be followed by other career fields if it is well received and fulfills members' needs for career specific professional development.

### WHO SHOULD ATTEND?

Anyone interested in professional development in the Health Services Career Field.

This includes: Dental Assisting, Health Occupations Technologies, Medical Assisting and Nurse Assisting.
